

## Access Statement The Stapylton Arms, Wass

The Stapylton Arms, Wass has one car park with gentle incline on entrance and decline on exit. The car park has a gravel covering, with no specific car parking markings.

Entrance into the building comprises of a short concrete ramp, with a 3 inch step as you enter the door. All ground floor areas open to the public are accessible to wheelchair users (a slight incline is present between lounge and dining room).

All bedrooms are situated on the first floor only accessible by stairs (due to the age and layout of the building we do not have a lift). It is recommended that you discuss your requirements in depth at the time of booking to allow us to try and accommodate your needs
